

A FIRM REPLY TO KING OSCAR

Norway Will Not Give In One Particle In Its
Original Move For Separation.

IS SEEKING PEACE AND NOT WAR

Strothing Makes a Diplomatic Answer To Letter Of The
King, And Asks That The Separation
Be Permanent.

[SPECIAL BY SCRIPPS-M'RAE.]
Christiania, June 20.—An address to King Oscar was adopted by the Storting yesterday in reply to the King's letter of June 13th, and was made public today. While it is of a conciliatory nature it expresses the firm determination of Norway to adhere to the action taken in dissolving the union with Sweden.

The Letter
It says: "What has been happening recently in Norway is inevitable as the result of a combination of the late political events and cannot be altered and it is certain neither of the two peoples are desirous of returning to their former condition of union. The Storting is of the opinion it ought not to reconsider the various questions of the constitution and public law that has been brought up in your majesty's note to the Storting's president.

Recognize Status
"The Storting recognizes his maj-

esty's difficult position and does not question that he is performing his duties as he understands it. At the same time the Storting desires a peaceful carrying through of the dissolution of the union, safeguarding of the friendship and concord of the two peoples of the peninsula.

Only Friendly
"There is no desire on the part of Norway to mortify Sweden. What has happened had to happen. It was merely an inevitable maintenance of Norway's constitutional rights. The Storting has already stated the Norwegian people do not feel any bitterness against your majesty or the Swedish people."

Suggests Negotiations
"It suggests that the negotiations requisite for a final settlement on the dissolution of the union with the recognition of Norway's new statutes and her rights as a sovereign state be undertaken. The address closes with a wish that the good relations between the two peoples may continue."

DROPPED DEAD WHILE SHOT-FIRERS BILL MAKING HIS SPEECH IS MAKING TROUBLE

S. P. Sheering of Indianapolis, Died
Suddenly in Auditorium
Meeting Today.

[SPECIAL BY SCRIPPS-M'RAE.]
Chicago, June 20.—S. P. Sheering of Indianapolis, prominent politician and delegate to the interstate telephone convention, dropped dead in the Auditorium hotel this morning while replying to the address of welcome. His death was due to apoplexy. Sheering was president of the independent telephone company of Indianapolis and one of the most prominent independent telephone magnates in the country, and a heavy stockholder in many companies. He also was a former secretary of the national democratic executive committee. The convention adjourned out of respect and the business will be curtailed to the election of officers and pressing matters.

BOWEN WILL LOSE DIPLOMAT'S PLACE

Taft's Solution of the Bowen, Loomis
Trouble To Be Acceptable
To Roosevelt.

[SPECIAL BY SCRIPPS-M'RAE.]
Washington, June 20.—Secretary Taft's conclusion in the Bowen-Loomis case, which was placed in the hands of the President last night, was the subject of discussion at today's cabinet meeting. Taft holds Loomis is innocent of any wrongdoing. The general opinion is the President will exonerate Loomis and dismiss Bowen from the diplomatic service. The decision will probably be announced this evening.

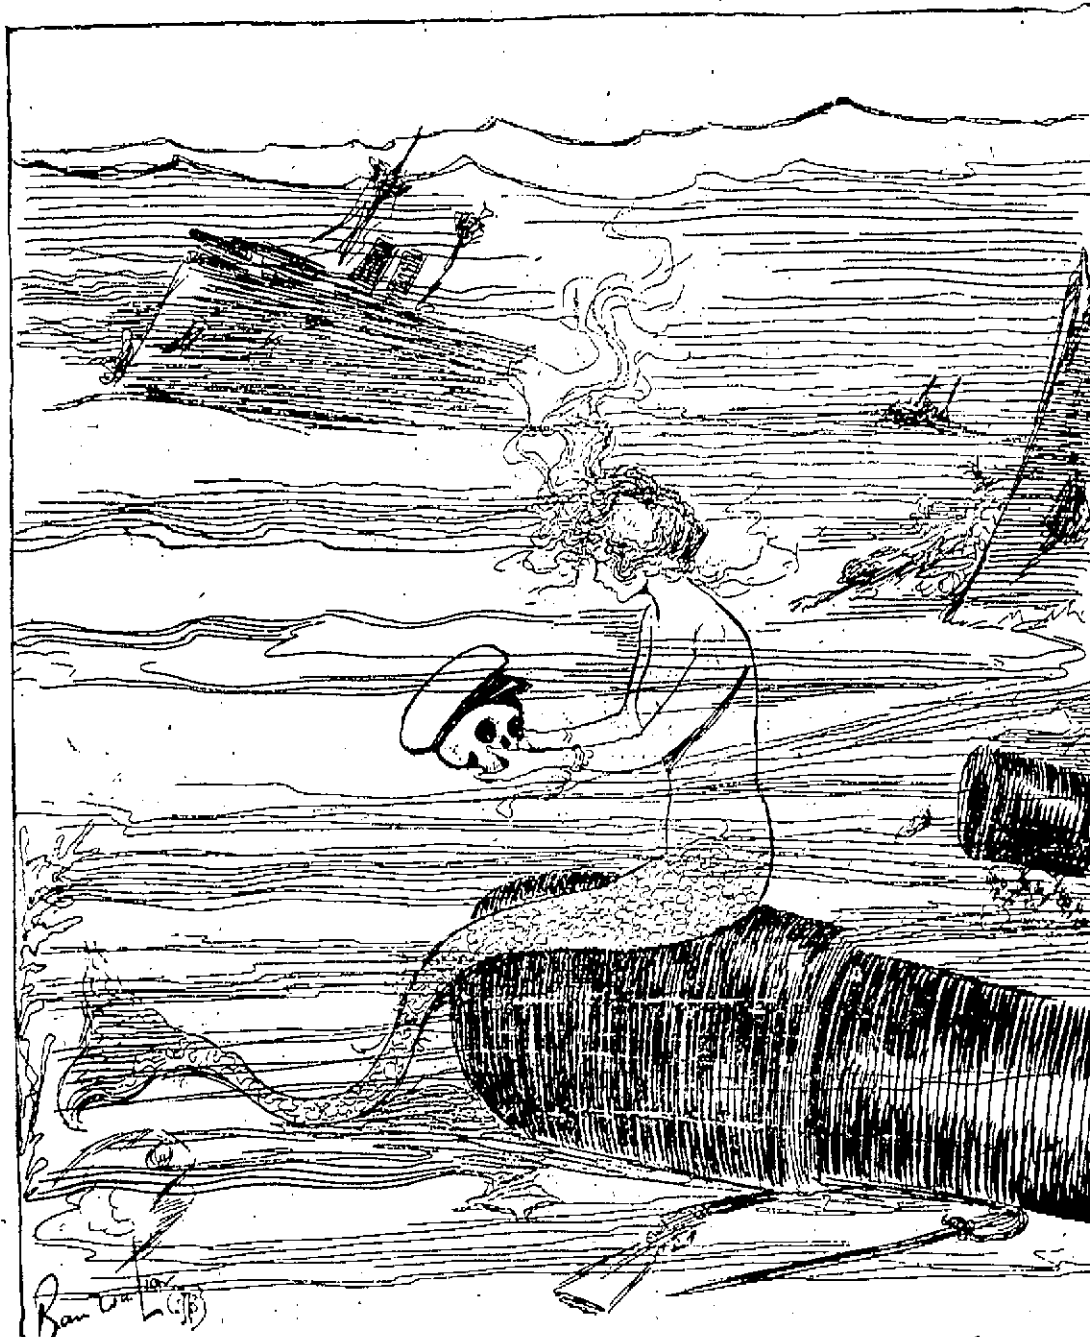

SIXTY-EIGHTH BIRTHDAY OF ASSOCIATE JUSTICE BREWER

Famous Juror, Who Is Native of Asia
Minor, Celebrates at Wash-
ington Today.

[SPECIAL TO THE GAZETTE.]
Washington, June 20.—Associate Justice D. J. Brewer of the United States supreme court celebrated his sixty-eighth birthday today and received many telegrams and letters of congratulation in honor of his anniversary. It is not generally known that Justice Brewer was born in Asia Minor, his parents having been located in that country at the time as missionaries. He also received a congratulatory message from Yale, of which he is one of the most distinguished graduates.

Roy Chamberlain, the young man who was shot down on the public road north of Colconda, Ill., on June 2, died yesterday.

LARGEST FLOATING DRY DOCK IN WORLD

'Dewey' Being Tested Today at Bal-
timore — Will Be Taken to
Philippines in September

[SPECIAL TO THE GAZETTE.]
Baltimore, Md., June 20.—A big celebration was held here today in honor of the tests made of the mammoth floating dry dock, Dewey, which was successfully floated ten days ago. The dock is the largest floating steel dock in the world and for this reason unusual interest was manifested in the tests. It is strong enough to dock the largest vessel of the United States navy and was built for the government by the Maryland Steel company. It required over 130 tons of paint to give it the required number of coats. The dock has an extreme length of 500 feet, is built in three sections, the end sections each being 90 feet long, and the center section 320 feet long. It is self-docking, thus allowing its bottom to be scraped and cleaned at regular intervals when needed. Ninety-six hundred tons of metal were used in its construction and more than 2,000,000 rivets hold the plates together. The dock will remain at Solomons Island until September, when arrangements will be made by the navy department for the long tow to the Philippines. The battleship Texas and cruiser Atlanta were used for today's test.

Peace Envoys To Sail For America On June 30th—
Apparently No Hitch In The Present
Plans.

[SPECIAL BY SCRIPPS-M'RAE.]
Tokio, June 20.—A series of conferences have been held among the elder statesmen and the cabinet to consider the peace conditions and for the selection of plenipotentiaries. It is believed the peace commission will be completed in time for the sail of the Empress of India on June 30th from Yokohama for Vancouver. It is expected the party will number a dozen. Meantime the military activities are to continue. Important developments in various directions are expected shortly.

England Objects
St. Petersburg, June 20.—A dispatch from London to the Navoe Vremya states what it declares is excellent authority that the British government is advising Japan against the conclusion of the armistice in the hopes Oyama will destroy Linevitch's army and prevent its possible use against India.

Rebuilt Navy
It is reported the ship-building works here will be placed under the supervision of the United States Steel corporation for ten years, during which time the rebuilding of the Russian navy will be carried on.

Stay in Washington
It is stated Count Cassini, who has been transferred to Madrid, will remain in Washington until after the peace conference has been concluded.

How Washington Looks at It
Washington, June 20.—In an interview at the white house Monday Ko-

goro Takahira, the Japanese minister, informed the president that the Japanese plenipotentiaries would be able to reach Washington early in August, if it was deemed desirable for them to be here by that time. The personnel of the mission has not yet been announced.

When the president returned to the executive offices after receiving Mr. Takahira he found Count Cassini, the Russian ambassador, awaiting him. The information brought by the Japanese minister was communicated to government to find out when the Russian mission will arrive. When this is known it will be possible to decide upon a date for the conference.

The general belief is that it will convene about the middle of August.

Will Not Ask Armistice.

It is again asserted that Japan will not ask for an armistice, insisting that the initiative must come from Russia. Japan is not at all desirous of a temporary cessation of hostilities, for between now and the beginning of the rainy season in August Field Marshal Oyama is expected to accomplish great achievements in Manchuria.

However, after the plenipotentiaries have been appointed the informal discussion of an armistice will be resumed, and in case the president takes the initiative in suggesting a limited truce, both belligerents will give the matter serious consideration.

MINISTER AND HIS SONS ARE HELD FOR MURDER

Farm Hand, Who Says He Was Paid
\$100 to Assist in Slaying Children,
Makes Full Confession.

Atlanta, Ga., June 20.—Five arrests have been made in connection with the murder of the two little Carter children at Valdosta, Ga., recently, and others are momentarily expected. The Rev. J. G. Rawlings, his three sons, and Alf Moore, a negro, are in jail and a lynching is feared, as public sentiment is running high.

Thursday night, June 15, Willie and Inez Carter, children of W. L. Carter, were murdered in cold blood while in a yard caring for a sick calf. Eunice, another child, was seriously wounded and may die. They were shot from ambush and an attempt was made to fire the Carter residence.

Investigation resulted in the arrest of the Rev. Mr. Rawlings, his sons, Jesse, Milton and Leonard, and Moore, a farm hand.

The Festival This Evening.—Among the attractions at the Hyatt House Hall this evening, is a well built in the hall to represent Jacob's well, and Rebecca will be in attendance dressed in costume, drawing the "old oaken bucket" filled with lemonade. During the evening several pieces will be sung with a piano accompaniment. The hall is decorated and ice cream and flower booths are arranged on a new plan, and a pleasant time is expected. The admission has been placed at ten cents. Come out citizens and see how you like the arrangements.

Uncle Tom's Cabin.—The theatre

opens at Lappin's Hall this evening. The play is too well-known to need comment.

Send in The Articles.—Quite a large number of ladies who put down their names to furnish articles for the Chicago Fair failed to do so, urging that under the circumstances their sympathies were altogether with the Milwaukee Home, and their contributions must go in that direction. The time for collecting the articles for the Milwaukee Fair has arrived, and we are requested by those having the matter in charge to ask those who have articles ready, to send them either to Mrs. Wright's or Mrs. P. L. Smith's during the week. Should there be any who have been unable to prepare what they originally intended to furnish for the Fair, their is a fund of money being raised for the same purpose, to which they may contribute.

THAT SMART FINISHING TOUCH

There are any number of smart hats in the shops that are sold under the title of ready-to-wear, but which almost invariably need just some finishing touch, some little addition to give them that chic and distinction that belongs to the creation of the artistic milliner. The ribbon counter will usually furnish the inspiration for this, and the fact that at all of the leading shops rosettes, bows and other trimming motifs in ribbon can be made up to order without cost is an additional inducement to their use. The hat of the picture is one of those round sailor shapes with a slightly rolling brim, the top covered with a rather coarse maline net ruffled scantily with a No. 2 white moire ribbon, and the under brim simply covered with a loosely tacked scarf of a finer maline. The wire frame is pinched up at the left side and a fluffy rosette of pale-blue satin ribbon tucked in the streamers that hang at the back giving a delightful air of originality to a hat that would otherwise lack this distinction.

On one side of Mount Etna there is a famous chestnut tree which is said to be 196 feet in circumference just above the surface of the ground. Its enormous trunk is separated into five divisions, which give it the appearance of several trees growing together. In the circular space formed by these large branches, a hut has been erected for those who collect the chestnuts.

THREE BIG MONUMENT CONTRACTS

That prices and quality count for considerable in the monument business was demonstrated at Monroe and in the western part of Rock county, where we have just closed 3 contracts amounting to \$1,500. Advances from a car of beautiful Barre granite on the way are to the effect it will arrive here within a few days. There are many reasons why we can interest you on monument work. Large purchases give us an advantage in naming prices.

Take Courage!

If you are naturally not as strong as your more fortunate sisters, and for this reason experience dread rather than joy at the prospect of becoming a mother, take courage and assurance from this fact: Mother's Friend is meant for you, and by its use you may pass through that glorious martyrdom which is yours by divine right with no more discomfort than that experienced by those who by nature are possibly more adapted for the role of motherhood.

MOTHER'S FRIEND

is a liniment of proven merit, and its great worth can be no better attested to than by the countless strong and healthy children who through its kindly offices have entered this world unhandicapped by any deformity or weakness. It is a liniment which by external application acts upon the abdominal muscles and permits of a painless parturition.

Is Your Kitchen Plumbing Modern?

Have you ever considered the fact that all your food is prepared in the kitchen and that the utensils in which it is prepared depend on the sanitary equipment of the kitchen for their cleanliness?

This fact alone should warrant the installation of a thoroughly sanitary kitchen sink.

Let us examine the plumbing in your kitchen and if it is defective, tell you the cost of putting in a "Standard" Porcelain Enameled Sink—the most sanitary fixture made.

A COMMON DUTY.

Congressman W. P. Brownlow of Tennessee is taking an active interest in good roads. His bill before the house at the last session will command attention next winter, and if the people evidence the interest which the question demands, helpful legislation will result. Mr. Brownlow sends the following article to the press. His advice is worth considering.

"Every man, woman and child in the United States is interested in the question of improved highways. The failure of a hundred years of local systems has shown that the country can never have a system of good roads except by the aid and cooperation of the general government. Bills were introduced in the last two Congresses providing for this very thing—the original bill in the House of Representatives by Hon. W. P. Brownlow of Tennessee, followed by a similar bill in the Senate by Hon. A. C. Latimer, of South Carolina; the first a Republican and the latter a Democrat. The Brownlow-Latimer bills will be introduced again this coming winter, and the strongest effort will be made to enact them into law. The friends of good roads have a duty to perform just here and now, and we would address this not alone to the farmer, but to the merchant, manufacturer, lawyer, doctor, mechanic, and all other citizens, not omitting the minister. Use your influence with your Senator and Representative. This is the only way to get this national legislation. Write them personal letters. Where you can, talk to them. Let them understand that you know what you want. You must convince them by overwhelming demand, just as the dairy interests convinced them in behalf of the pure-butter law; just as every interest that secures desired legislation convinces them. Every argument is in favor of national aid to good roads. The question of constitutionality has been settled. The question of necessity has been disputed. The existence of reciprocal obligation between the government and the people has never been an open one. The government belongs to the people. The money that gets into the treasury belongs to the people. The time has come for the people to make concerted demand for the return to them of some part of that which is their own. Good roads would do more for the country than any other one thing that can be named. It is a fact of history that no country ever built good roads without the aid of the general government. No country ever will, because the local property simply cannot afford it, and never in all the history of the world has it been able to accept in the centers of wealth. If the people want good roads, they must wake up and get to work. Don't wait for somebody else to start. Get your demand in on your own Representative and Senators. If all who favor the Brownlow-Latimer good-roads bill will do this, favorable action may be expected. Without this concert of action, Congress will do nothing. Brownlow and Latimer can't do the work alone. It is the common duty of the people to flood Representatives and Senators with letters, demanding this good-roads legislation.

There are several hundred students who are graduating "great men" at their different colleges in a year or two will be glad of a job at any wages. Wisconsin has decided to again take the stump this summer and the Governor will represent Badgerdom in the far west and "Bleeding" Kansas. All over the west comes the cry for field laborers. Now is the chance for the college boy to earn his next winter's expenses by good, honest labor. The college athlete who wants to keep in condition can get up a healthy lot of muscle by hoeing "pa's" corn this summer. "The legislature is soon to adjourn," News item. This is too good to be true. For an economic administration this is a "beaut of a record." It is probable that there will be a special session of the legislature next fall to receive the Governor's official resignation. "It rather looks as though Janesville was going to make the Eagle scream this coming Fourth." Milwaukee forests are being denuded by the woodmen.

PRESS COMMENT.

Chicago Chronicle: There are people who seem of the opinion that a city is built simply for the purpose of being used as advertising space.

Waupaca Post: Your "Uncle Isaac" is a little afraid that Chicago has no played gold and drunk Scotch whiskey enough to become quite like Glasgow.

Wupaca Post: Your "Uncle Isaac" recently had dinner at the executive mansion, which is more than some of the other candidates for the senatorship got out of it.

Clarkburg, Mo. Review: There is a creek near Clarkburg in which the fish are so thick and so ravenous that you have to stand behind a tree to bait your hook to keep the fish from getting into the bait.

St. Louis Globe-Democrat: Milwaukee has asked Russia and Japan to meet there to negotiate the terms of peace. But Japan, in view of recent developments in Milwaukee banking, might be afraid to deposit her checks for indemnity.

Louisville Times: A party of American tourists called King Edward up by telephone at the Newmarket races and secured permission to "do" Buckingham Palace. Yankee nerve face to face is a fearful thing, but at the

other end of a wire it knows no law.

Oshkosh Northwestern: In less than another fortnight the days will again commence to shorten, and then the time will be brief enough before we bump up against another season of snow and ice and the incidental manipulation of the coal shovel.

Exchange: Medical journals report that a new anesthetic has been discovered, the product of a Japanese plant named scopoline, which sends the patient to sleep for eight or nine hours. Togo evidently administered scopoline in allopathic doses to Rojstevsky and his merry men.

Marinette Eagle-Star: One of the field men of the Menominee River Sugar Company in a conversation today says that the sugar beet crop in Marinette and Menominee counties is not in as bad a shape as it was reported to have been the case, and says that except in a few places where the beets were planted upon a side hill so that the water easily washed them out, the seeds are all in good shape.

Exchange: It is very sweet and courteous and bland and altogether lovely of the Japs to say that the result of the naval scrap was "because wind and sun-glare were in the eyes of the Russians, the heavy seas against their aiming and so on, and it goes to show that they are the very poltest little mariners that ever scuttled a ship or cut a throat.

Racine Journal: The commission will find a difference between platform oratory on the wrongs of the people suffer at the hands of railroad corporations and the actual work of revising rates in such manner that the public will be benefited and at the same time the property of railroads remain unimpaired. The task before the commission is no soft soap, unless the law be made a farce.

Superior Telegram: Gov. La Follette made one appointment on his late commission which will meet with very cordial approval in all parts of the state. This is the selection of Mr. Halford Erickson, formerly of Superior. Mr. Erickson is a close student of railroad affairs, a man of broad judgment and thoroughly honest and conscientious at all times. Political and other objections are made against both Mr. Haugen and Prof. Meyer, but there can be no reasonable opposition to Mr. Erickson.

El Paso Herald: Glasgow's trolley expert, hired by the city of Chicago to come over and give advice on the subject of municipal ownership, seriously annoys the rainbow chasers who "not him his royal road to success; that he only way is to run them on street railways pay is to city them on street business principles just as a private corporation would. That is unfortunate to the highly Democrats who are hounding him. He might, at least have given them a jolt, that being really what he was imported for.

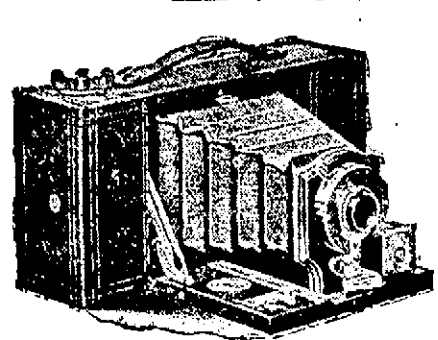

Sheboygan Journal: Organized labor cannot feel proud of the revelations now being made before the Chicago grand jury. The inside history of strikes and boycotts that is being old there shows that in almost a majority of these labor troubles, money has played a part in getting the strike leaders to settle. Disgraceful exposures of that sort will not be stopped until union labor learns to discriminate more carefully in the sort of leaders it chooses. Just as long as anybody who knows a trade is eligible to membership of office in a labor union, no matter what his character is, labor will be sold out just that way.

Cain and Abel at a Disadvantage. Cain and Abel, so far as we know, were the only children ever debarred the inestimable privilege of hearing long and frequent lectures from their parents about what they did when they were boys and girls. Now look at the result. One of the boys died young and the other became a murderer.—Boston Transcript.

TORNADO MISSED CITY BY MARGIN

STORM SUNDAY NIGHT SWEEP COUNTRY 40 MILES NORTH.

WRECKS AND RUINS FARMS

One Man Killed; a Hundred and Fifty Thousand Dollars' Damage Done in Dane and Iowa Counties.

Janesville appears to have missed a tornado Sunday night by the narrow margin of forty miles. Reports from Madison, Blue Mounds, Prairie du Chien, Mt. Horeb, Highland and Dodgeville all show that a wind-storm which swept over that section of the state wrought considerable damage. A young German farm hand, name unknown, was killed on the farm of Charles Collins at Blue Mounds while milking, over \$150,000 damage, was done to crops and farm buildings, and scores of head of stock were destroyed by a tornado that passed through Dane and Iowa counties and over the townships of Barneveld and Blue Mounds Sunday evening. Telephone and telegraph wires are down, and the full extent of the damage can only be estimated. The storm broke with wild fury following an extremely sultry day, and through a tract eight miles long and one to two miles wide the destruction of property was complete. Losses, as far as reported, are as follows:

Property Damaged
John Malone—Barns destroyed, two cows killed, crops destroyed; loss, \$1,500.

Morris Minix—Buildings destroyed, young stock killed; loss, \$1,800.

John F. Himelein—Buildings all gone except house; loss, \$2,200.

John Himelein, Sr.—Barns wrecked and cattle killed; loss, \$3,000.

William Himelein—Barn torn to pieces and three cattle killed; loss, \$2,000.

Melville Frye and John Frye—Barns destroyed, cattle, wagons, carriages, and machinery scattered over the prairie for a half mile; loss, \$1,500.

Charles Collins—Barns totally wrecked, eight cows and a horse killed; loss, \$2,500.

Arthur Willson—Barn and sheds wrecked; loss, \$1,200.

Rescuing Parties

The hail at Blue Mounds village broke all glass on the west and north-western sides of buildings. Rescuing parties were sent out from Blue Mounds, headed by William Degenhart, Dr. Bancroft, Fred Allen, and Mr. Bussey to the different points and helped rescue cattle and people pinned in the wreckage, working late into the night. Some of the hailstones were two to three inches in diameter. All windmills, small buildings, and sheds are leveled to the ground in every direction, while corn and grain fields look like plowed ground.

Damage in Dane

The report from Madison says a heavy wind and rain storm Sunday night did thousands of dollars in damage to farm buildings and growing crops in Dane county. A score of large tobacco sheds and other out-buildings were blown down in the vicinity of Madison. Chimneys were also demolished. Some farm stock was killed. So far as reported no person was injured.

Hail Ruins Crop

A Prairie du Chien dispatch says rain, hail, and wind Sunday night did thousands of dollars damage in the vicinity of that city. According to the official register, two inches of rain fell. The wind uprooted trees, moved buildings, broke windows, and tore down sheds and telegraph, telephone and light wires. The hail destroyed the crops east of the city. Near Lynxville a large stock barn was struck by lightning and destroyed. Ten miles east of the city the hail literally ruined the crops in a strip a half mile wide and eleven miles long. Train service on the Milwaukee road was abandoned on account of washouts, but was resumed last night.

Windows Are Broken

At Mt. Horeb in Dane county a hurricane, accompanied by hail as large as eggs, caused heavy damages in the village. Nearly every window facing west and north was demolished. Vegetation of all kinds was destroyed. The lawns and streets are covered with leaves and branches of fruit and shade trees that were stripped even of bark. West of here six barns are demolished. Farmers coming to town report that the storm extended over a strip six to eight miles long, and that crops in its path will be nearly a total loss.

Crops Ruined Near Highland

A severe wind storm with hail at Highland wrecked over a dozen barns and as many windmills, besides shattering windows in dwellings. North of this city, the path of the storm was over two miles wide and hail piled up over a foot high. Crops are entirely ruined.

Damage at Dodgeville

A wind storm passed over Dodgeville last evening doing great damage to crops.

ENTERTAINMENT AT Y. M. C. A.

Will Be Under the Auspices of the Murphy League.

Under the auspices of the Murphy League there will be an entertainment given at the Y. M. C. A. auditorium on Friday evening, June 23d. Professor Kohl of Madison is in the city.

ANOTHER FACTORY IN PROSPECT NOW

Chicago Pen Company Seeks Small Sum to Pay for Moving of Machinery.

At a meeting to be held this evening in the office of Arthur Fisher in the Jackson block the question of raising the sum of two hundred and fifty dollars to pay the expenses of moving a pen manufacturing concern from Chicago to Janesville will be taken up and discussed. This proposition will be raised by the concern in question considering as the present time four expert pen-makers. All are married and there are also several helpers to be employed. At present they are located in Chicago and at the instigation of a local fountain pen factory have agreed to come to this city if their moving expenses are paid. It is thought the money will be raised by popular subscription. The call for the meeting is as follows:

Members of the Business Men's association will meet this evening in the law office of Arthur Fisher in the Jackson block at eight o'clock. Matters of importance are to be considered.

NEW TRIAL FOR THE KATH DAMAGE SUIT

Supreme Court Sends Case Against Wisconsin Central Railway Back to Circuit Court for Trial.

The \$25,000 damage suit brought by William Kath, formerly of this city and now a resident of Fond du Lac, against the Wisconsin Central Ry. Co. for injuries to his spine alleged to have been sustained in January, 1901, while he was firing on one of the company's locomotives, will be tried again in the circuit court at Oshkosh.

On the first trial at Fond du Lac the plaintiff received a verdict of \$12,000. The case was taken to the supreme court and from there sent back to the circuit court for another trial. Yesterday at the Saw Dust City it was carried over to the next term. While a resident here Kath lived at 213 West Bluff street. In January, 1899, he fell and broke his left leg while working for the Ice Co. and it is said that spinal injuries were also alleged at that time. The matter was settled out of court for \$500. The railroad accident was sustained as the result of a locomotive plunging through a burning bridge.

THOUGHT HE OWNED ROAD

And Tried To Give Directions To Engineer on 12:10 Chicago Passenger Train.

Garbed in spotted duck trousers, a light coat, shoes and a jaunty cap of white, a young man about thirty years of age boarded the locomotive drawing the 12:10 Chicago passenger, at the local station last evening, and after informing the engineer that he had purchased the railroad began to give directions as to how this particular train should be run. The trainmen discussed the matter with him for a few moments and then beckoned to Officers Fanning and Bear who conducted the "railway magnate" to the police station. Upon arriving there he gave his name as D. M. Roberts of Prairie, Wis., and stated that he was a promoter by profession. He was transferred to the county jail this morning and the first plan of the officers was to take him before Judge Sale for an examination of his mental condition. Later, after communicating with relatives in Madison and Assemblyman Ernest Warner of that city who has acted in the capacity of a guardian for the young man in the past, it was decided to procure mileage and send him to the capital city on the six o'clock train tonight.

Erratic Several Years

This is not the first Robert county has known of Roberts' eccentricities. Back in 1897 or 8, while a student of Beloit College, he was made manager of the football team. Very shortly after his election he went to Chicago and rented a suite of offices in the Title & Trust building at \$400 a month and announced that the business of his world-beaters would be conducted from headquarters in keeping with the standing they were about to assume in the sphere of athletics.

This done, he telegraphed the president of Beloit College that he would be back at such and such a time and gave instructions to have the brass band at the depot.

Graduated at Madison

Afterwards he entered the law school at Madison and graduated from that department. While he did erratic things from time to time, he was known as a bright and very active student. Assemblyman Warner "staked" him in a northern land deal in which Roberts was reputed to have cleared \$8,000. Afterwards he went to Minneapolis to see prominent real-estate man by the name of Conway. The latter was not at home when he called, so Roberts made himself perfectly at home in the palatial residence of the man who was a perfect stranger to him, taking a bath and changing his clothes, and later returning downtown to tell all whom he met what a capital fellow Conway was. What will be done with Roberts at Madison remains to be seen. The officers here are convinced that he is "clean daff" and it is understood that his erstwhile guardian, Assemblyman Warner, was willing to have him taken before the judge and committed to the asylum.

Chicago Pen Company Seeks Small Sum to Pay for Moving of Machinery.

At a meeting to be held this evening in the office of Arthur Fisher in the Jackson block the question of raising the sum of two hundred and fifty dollars to pay the expenses of moving a pen manufacturing concern from Chicago to Janesville will be taken up and discussed. This proposition will be raised by the concern in question considering as the present time four expert pen-makers. All are married and there are also several helpers to be employed. At present they are located in Chicago and at the instigation of a local fountain pen factory have agreed to come to this city if their moving expenses are paid. It is thought the money will be raised by popular subscription. The call for the meeting is as follows:

Members of the Business Men's association will meet this evening in the law office of Arthur Fisher in the Jackson block at eight o'clock. Matters of importance are to be considered.

CURRENT NEWS NOTES.

No Double Enumeration: Owing to the fact that the census blanks as issued seemed to call for a tabulated account of the leaf in all tobacco warehouses and the further fact that such tabulation would constitute a double enumeration as the same statistics would be gathered from the grovers in the country, County Clerk Lee consulted with the secretary of state over the telephone yesterday. That official at first seemed to think that the warehouse contents should be noted but after considering Mr. Lee's argument changed his opinion and gave instructions that only the number of employees, wages paid, etc., should be taken into account.

Marriage Licenses: Applications for marriage licenses have been filed by Flinn G. Minger and Florence E. Krause, both of Beloit; John E. O'Leary of the town of Rock and El-Oleary of Janesville; George H. Bishop and Maud H. Annin, both of Beloit; Margaret J. Cochrane of Janesville and Raymond Lee of Rockford; Frank J. WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

"For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I once noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.
